

Luton Children's Centres

Supporting families and communities

A one-stop shop for information and support

What are Children's Centres?

Children's centres enable children under five and their families to benefit from a range of flexible services and support when they need it and in a convenient location.

Children's centres are easy to identify, local and are easily accessible to families. They bring together local services or activities all under one roof, or close by in the community to support you in the daily challenges that parents or carers face in bringing up young children.

Be healthy

Stay safe

Enjoy and achieve

Make a positive contribution

Achieve economic well-being

For more information please contact the Children and Families Information Service on: (01582) 54 88 88.

Luton Children's Centres can be your one-stop shop for all information, advice and support.

What families can expect:

- information on early years provision, pre-schools and nurseries
- details of childminders and childminder support groups
- advice and support on a range of child and family health issues, through established links with health teams/professionals, such as health visitors, midwives, dietitian, oral health promotion
- drop-in sessions, stay and play sessions, providing activities for children to play and learn
- support for families and children with additional needs
- support for young parents
- toy libraries, enabling families to access a range of toys and resources at an affordable price
- effective links with Jobcentre Plus support in finding a job, accessing training opportunities and can also offer information sessions on benefits and family tax credit.
