

Small business rates relief

2019-20

April 2019

There are two tables on the next page of this document. The first shows the rates payable for the financial year of 2019-20 if:

- your property's [rateable value](#) is between £12,000 and £15,000
- your business only uses one property - you may still be able to get relief if you use more

The second table shows the percentage of relief available for each rateable value.

Since 1 April 2017, business occupying only one property with a rateable value BELOW £12,000 should be paying NO rates.

These figures are based on the [small business non-domestic multiplier](#) for 2019-20, which has been set by central government at **49.1p in the pound**. It may still be possible for some businesses to claim this relief back to April 2012.
