RE: Immigration Act 2016 - Applications for private hire and hackney carriage driver and private hire operator licences.

Right to work in the UK check required

The UK Government has changed the law regarding private hire, hackney carriage driver’s and private hire operator licences with effect from 1 December 2016. These changes will affect you if:

- you apply for a driver’s or operators licence on or after 1 December 2016; or
- you already hold a driver’s or operators licence and you apply for your licence on or after 1 December 2016.

The legislation does not affect applications for vehicle licences.

This note explains what the changes mean, how they will affect you and what you need to do.

What do the changes mean?

The changes mean that, from 1 December 2016, the council as a licensing authority is under a new legal duty to ensure that driver and operator licences are only issued to applicants who have the right to licence in the UK.

In order to comply with this duty the council has to check that all applicants on or after 1 December 2016 have the right to work in the UK. By law this applies to everyone regardless of where they were born, how long they have lived in the UK and, if they already hold a driver or operator licence, how long they have held that licence.

How the changes will affect you

For applications received on or after 1 December 2016 you will be required to provide original and valid evidence of your right to work in the UK before your licence will be issued. Should you fail to do so, your licence will not be issued and will not be processed further. Please see below for further details as to what is required for you to evidence your right to work in the UK.

What you need to do

You will be notified when to attend the licensing public counter where a council licensing officer will check your original valid documentation evidencing your right to work in the UK. You must attend in person and bring evidence of your right to work in the UK with you to the council offices. Only certain forms of documentation are acceptable. For applicants who are British citizens all they need to produce will be a passport. For British Citizens who do not have
British passports there are other documents which can be produced instead these are contained in List A attached to this note.

For applicants who have restrictions on their right to work in the UK they must produce one of the documents in List B attached to this note.

Please note that you must provide the original (not a copy). If you do not possess any of the mentioned forms of documentation, you must let us know as soon as possible. It is your responsibility to make sure that you can provide one of the acceptable forms of documentation and you should take steps to obtain this, if required.

The licensing officer at the time you personally produce your documents to is required to follow a 3 step process:

1. obtain the original version of one or more of the acceptable documents referred to above;
2. check the document’s validity in the presence of the applicant; and
3. make and retain a clear copy of the document.

Please assist the licensing officer in helping them to follow this legally required 3 step process.

**Once your documentation has been checked**

If the documentation you provide demonstrates that you have a permanent right to work in the UK (from list A) you **will not** be required to produce this on future applications.

In other cases, you will be required to provide your documentation when you next apply to apply your licence so that your documentation can be checked again or this may be earlier if your right to work in the UK is limited to a shorter period.

As part of these changes from the home office it is also important to highlight that if you currently have a VISA that confirms your stay in the UK that is attached in an expired passport, this is no longer accepted and as a result you will need to apply to the home office in order to get this corrected before being issued with a driver or operator licence.

1. Introduction

1.1 The purpose of this Policy is to provide guidance on the criteria used by the Council when determining whether or not an applicant or an existing licence holder is a fit and proper person to hold a hackney carriage, private hire driver or operator licence ("a licence") and whether to exercise powers to refuse, revoke or suspend such a licence.

1.2 The overriding aim of the Council as licensing authority is to protect the safety of the public. The Council is concerned to ensure:
   a. That a person is a fit and proper person,
   b. That the person does not pose a threat to the public,
   c. That the public are safeguarded from dishonest persons, and
   d. The safeguarding of vulnerable persons, children and young persons.

1.3 This Policy provides guidance to any person with an interest in hackney carriage and private hire licensing. In particular, but not exclusively:
   a. Applicants for drivers’ and private hire operator licences,
   b. Existing licensed drivers or private hire operators whose licences are reviewed,
   c. Licensing Officers,
   d. Officer’s with delegated powers,
   e. Members of the Licensing Committee and the Taxi and Private Hire Licensing Panel, and
   f. Courts hearing appeals against local authority decisions.

Where Licensing Officers, or others, have delegated powers they will utilise these guidelines when making a decision in relation to a licence decision.

1.4 Whilst Licensing Officers and Taxi and Private Hire Licensing Panel ("the Panel") will have regard to the guidelines in this Policy, each case will be considered on its individual merits and, where the circumstances demand, the Licensing Officer / Panel may depart from the same.
2. General Policy

2.1 There may be occasions where it is appropriate to depart from the guidelines.

2.2 A person who has been convicted of a serious offence need not automatically be barred from obtaining a licence, but would normally be expected to:

a. Remain free of conviction for the appropriate period indicated in this Policy and
b. Show adequate evidence that he / she is a fit and proper person to hold a licence (the onus is on the applicant to produce such evidence). Simply remaining free of conviction may not generally be regarded as adequate evidence that a person is a fit and proper person to hold a licence.

2.3 Where this Policy requires an applicant to be free from conviction for any specified period, that period shall commence from either the date of sentence or the date of completion of a sentence, whichever date is the later. The same specified periods will apply to a suspended sentence of imprisonment, as apply to an immediate custodial sentence and community penalty orders.

2.4 Any reference in this Policy to conviction for an offence also includes convictions for aiding and abetting, counselling or procuring that offence or an attempt or conspiracy to commit that offence and / or any offence which replaces that offence due to a change in law.

3. Appeals

3.1 Any applicant refused a licence on the grounds that the Council is not satisfied that he or she is a fit and proper person to hold such a licence, or an existing licence holder, has had a licence suspended or revoked or had conditions attached to their licence, has a right to appeal to the Magistrates’ Court within 21 days of the notice of refusal or the decision attaching conditions.

4. Powers

4.1 Sections 61 and 62, Local Government (Miscellaneous Provisions) Act 1976 (‘the 1976 Act) allow the Council to suspend, revoke or refuse to renew a licence if the applicant / licence holder has been convicted of a offence involving dishonesty, indecency, violence; failure to comply with the provisions of the Town Police Causes Act 1847 (‘the 1847 Act’); failure to comply with the provisions of Part II of the 1976 act; or where there is any other reasonable cause.

4.2 The Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 (as amended), allows the Council to take into account all convictions recorded against an applicant for, or the holder of, a private hire or hackney carriage driver’s licence, whether they would otherwise be spent or not.

5. Consideration of disclosed criminal history

5.1 Under Sections 51, 55, and 59 of the 1976 Act, the Council is required to ensure that an applicant for the grant or renewal of a hackney carriage and / or a private hire driver licence and / or private hire operator’s licence is a ‘fit and proper’ person to hold such a licence.

5.2 If an applicant has been convicted of any offence, received warnings, cautions, reprimands, or has matters recorded against them where restorative justice has been used, has charges against them awaiting trial, is on bail before being charged or has been the subject of an anti-social behaviour order, the Council will consider:
Agreed at Regulation Committee 17 December 2012.
Effective for decisions on or after 01 April 2013

a. How relevant the offence(s) are to the licence being applied for,

b. How serious the offence(s) were,

c. When the offence(s) were committed,

d. The date of conviction,

e. The sentence imposed by the Court,

f. The applicant’s age at the time of conviction(s),

g. Whether the conviction(s) form part of a pattern of offending,

h. Any other character check considered reasonable (e.g. personal references), and

i. Any other factors that might be relevant.

5.3 Where an applicant has made a false statement or a false declaration on their application for the grant or renewal of a licence, the licence will normally be refused.

5.4 The Council may also consider evidence of an applicant’s conduct even though the applicant has not been convicted of any offences, received a caution or a warning or been dealt with under restorative justice procedures, etc in relation to that conduct. Any decision regarding the conduct concerned will be based on the civil standard i.e on the balance of probabilities.

6. Serious offences involving violence

6.1 A licence will not normally be granted where an individual has been convicted of an offence involving violence, unless free of conviction for 5 years, as determined in Section 2.3 above. Where an applicant has been convicted of more than one such offence a licence will not normally be granted unless free of conviction for 7 years, as determined in Section 2.3 above.

13.3 Medical evidence will also be required in accordance with paragraph 10.3 above where there is evidence of misuse or dependency.

16.2 An isolated conviction for a motoring offence may not normally mean a refusal of a licence, subject to the offences already mentioned in the Policy; however, each case will be considered on its own merit.

16.3 Discretion may be exercised by the Director of Environment and Regeneration to grant a licence where there are no more than 9 penalty points.

16.4 A new applicant with points on their licence will normally be treated as follows:

   a. Up to and including 6 points over a period of 3 years, applicant should be free of conviction for 12 months and the licence will normally be granted, with an advice letter,

18. Non-conviction information

20.3 Licence holders are expected to comply with all relevant statutes, the Council’s bye-laws, appropriate licence conditions and the Highway Code at all times. Individuals who persistently breach these will be liable to have their licence reviewed to consider whether they are still a fit and proper person to hold a licence.
20.4 Individuals who are the subject of persistent complaints will be liable to have their licence reviewed to consider whether they are still a fit and proper person to hold a licence.

a. Has prior to the completion of the Convictions and Fitness Report, been involved in the case and this involvement could create a conflict of interest, or

23. Summary

23.1 While it is possible that an applicant may have been convicted of a number of offences that individually meet the Policy, the overall offending history must be considered when assessing an applicant’s suitability to be licensed.

23.2 Some discretion can be afforded in a conviction for an offence is isolated and there are mitigating circumstances, but the overriding consideration is the protection of the public.
Agreed at Regulation Committee 17 December 2012.
