What is Luton Community Safety Partnership?

Luton’s Community Safety Partnership is a collection of statutory agencies working together to reduce crime and antisocial behaviour across the town. The Luton partnership goes further than this and includes a wide range of committed organisations, local charities, businesses, residents and community groups who work independently and together to make Luton a safer and stronger place.

The Partnership’s key role is to actively lead on the development of strategies relating to crime and crime reduction within the town. It takes into account Luton’s community safety issues, including those which have been raised by the town’s communities, and decides what actions can be taken collectively to reduce crime.

The Partnership also contributes to the preventing extremism and terrorism agenda, which is overseen by a dedicated Luton Prevent Board.

This document demonstrates our recent achievements and sets out the priorities the partnership has identified for the next three years.
Priorities 2017-2020

The partnership recognises that a long term commitment to tackling these issues is required and has decided to commit to these priorities for 2017-2020:

**REDUCING VIOLENCE AND EXPLOITATION**
- Youth Violence
- Domestic Abuse
- Labour Exploitation
- Tackling Extremism
- Child and Adult Sexual Exploitation

**KEEPING LUTON SAFE AND TIDY**
- Anti-social Behaviour
- Environmental Crime
- On and Off Street Sex Trade
- Confident, Cohesive Communities

An annual business plan will set out the key projects and activities the partnership will be undertaking to deliver on each of the above priorities. The current version can be found on the Council’s website [www.luton.gov.uk/communitysafety](http://www.luton.gov.uk/communitysafety)

It is important to note that whilst the partnership focuses on its identified priorities, work will continue to tackle crimes and priority issues identified by the police and other agencies within their own operating practices.
How is the partnership held to account?

The Community Safety Partnership Executive holds overall responsibility for the delivery and performance of the partnership. Chief Officers from the statutory organisations set the direction and hold the agencies accountable for delivery.

The Partnership Delivery Board implements the annual programme of work, identifies emerging issues and takes action to address those issues. The board is supported by commissioned delivery groups made up of local experts who can drive forward the delivery of work.

A Crime and Disorder Committee is held annually where councillors, elected by residents, review the work of the partnership.

How to report crime

Residents can report crime, anti-social behaviour or intelligence through 101; or 999 in an emergency.

Environmental crimes can be reported to the council through 01582 510330 or online at www.luton.gov.uk/communitysafety

Hate crime can be reported at www.report-it.org.uk
Our Main Aims

Alongside annual performance measures we have the following overall ambitions:

- Keeping victims and communities at the centre of our approach
- Tackling crime and anti-social behaviour affecting our communities
- Reducing re-offending
- Promoting early intervention
- Empowering communities to stay safe and feel safe
Our recent achievements
