Being targeted for who you are?

It’s HATE CRIME!

Some people don’t realise they are victims of hate crime, or think they won’t be taken seriously. But this behaviour won’t be tolerated in Bedfordshire and nobody should suffer in silence.

Being you is not a crime - being victimised for it is.

Report hate crime now to police on 101, or 999 in an emergency. Online at www.report-it.org.uk

Or if you would like support to report visit a third party reporting centre across the county. The full list can be found overleaf.
