Other small household copying equipment, faxes, pocket and desk calculators, telephones, cordless telephones.

Other small household electrical products or equipment for transmitting sound, images or other information by telecommunications, video cameras, video recorders, Hi-Fi recorders and equipment

Other small household products or equipment for the purpose of recording or reproducing sound or images, including signals or other technologies for distribution of sound and image other than by telecommunications; electronic toys, leisure and sports equipment, electric trains or car racing sets, hand-held video game consoles, sports equipment with electric or electronic components, plug in or battery air fresheners or perfume sprayers; battery chargers, disposable cameras, extension cords, multi-terminals, adaptors and leads, hearing aids, satellite navigation (sat nav) systems, solar-powered items such as calculators, watches, phone chargers (but not solar panels), wind-up torches and radios

No TVs, computer monitors, microwaves or iPads – these should all be taken to the local HWRCs for recycling.
Electrical gardening equipment should also be taken to the local HWRCs for recycling.

Larger electrical items can be taken to the local HWRCs or collected via the Bulky Waste Service for recycling.

Please, if possible, remove batteries. Most council buildings (community centres, libraries etc) have containers for the collection of batteries, usually in the reception area. Local supermarkets and other large retailers also have containers for collecting used batteries.
