

There is an increased risk of catching Coronavirus when people from different households come together following the death of a loved one. These ceremonies are an important part of mourning but in order to stop the spread it's vital people remember how to keep themselves and others safe, following government legislation. Which means:

- **No more than 30 people** can attend the part of the service outside on the Vale grounds
- For any service inside the Vale chapel - it holds **no more than 20 people** or it will be too crowded for social distancing
- Keep at least 2 metres away from anyone you don't live with (or have formed a support bubble with), at all times. We know this is hard when you are mourning, but it will help protect your loved ones
