This statement sets out Luton Council's flexible eligibility criteria for the Energy Company Obligation (ECO4) scheme from April 2022 to March 2026.

The ECO4 scheme will focus on supporting low income and vulnerable households. The scheme will improve the least energy efficient homes helping to meet the Government's fuel poverty and net zero commitments.

The flexible approach for Local Authorities (LAs) to identifying fuel poor and vulnerable households who may benefit from heating and energy saving measures is referred to as 'ECO4 Flex'.

The council welcomes the introduction of the ECO4 Flex eligibility routes as it helps the council achieve its plans to improve the homes of those in fuel poverty or vulnerable to the cold.

The council is publishing this Statement of Intent (Sol), on the **4 April 2023** to confirm that each of the households declared will adhere to at least one of the four available routes outlined below:
