## Keepmoat supporting Lea Manor students to develop interview techniques

Eleven members of staff from Keepmoat's regional office in Luton gave up their time to support a two day mock interview event at Lea Manor High School in Luton.

Over two hundred Year 10 students put their nerves aside to take part in a one to one interview with a Keepmoat volunteer.

By simulating a 'real' interview scenario, our interviewers enabled the students to familiarise themselves with common interview questions, as well as to gain valuable feedback and tips on how to improve their interview style.

Lorraine McMullen, Keepmoat's Community Investment Manager commented:

*"Mock interviews are recognised as being a very important part of a young person's careers education and it has been a pleasure for Keepmoat to support Lea Manor students in this way. We look forward to working with the school on similar projects in the future."*

*"I wanted to thank you and your team for the great interviews and feedback you provided our students over the past couple of days. The students are discussing them openly with each other, and the feedback they received will hold them in good stead for their future."*

*Dan Fox, Assistant Head Teacher*
