

Proposal Notes

1. Proposed easy access route for walking, running and family cycling, 2.5m wide with regularly placed benches (possibly including route on edge of allotments)
2. Proposed trail route for walking and running, 1.5m wide
3. Minor adjustments required to existing golf course
4. Vegetation trimmed back to widen existing path and existing surface to be repaired
5. Existing path to be widened to 2.5m
6. Focal point created at original stable block entrance
7. Athletics Centre car park to be improved including planting and paths. Potential overflow / events parking on reinforced grass surface within the Athletics Centre
8. Indication of Stockwood House outline incorporated into the car park design and historic ha-ha in location of existing playground to be restored, playground to be replaced as no.10
9. Athletics Centre to be enhanced, including: full size, floodlit 3G sports pitch to the infield of the athletics track (subject to design study and further consultation), refurbishment of the athletics track, refurbished and improved clubhouse, gym and changing rooms
10. New play area located for easy access by local residents, with timber framed equipment, seating, shade and natural play features
11. Existing pond to be enhanced to increase ecological value - eg reduced shading, filtration of incoming water, new marginal planting
12. Proposed woodland / native hedge planting to provide habitat and visitor interest
13. Proposed trees to provide next generation parkland trees in carefully located positions to allow for future layout flexibility
14. Proposed area of longer grass, managed as wildflower meadow
15. Layout of football pitches adjusted to create more space
16. Improvements to entrances including paving, signage and planting
17. Discovery Centre car park to be enhanced including planting, pedestrian links and signage
18. Car park to be replaced by a cycle skills area, potentially including pump track or BMX loop
19. Potential horse riding route to be created
20. Replace the tall narrow Aspen trees with a more appropriate species of native tree (long term aim at the end of their life)
21. Football pavilion to be renovated
22. Outdoor gym equipment
23. Proposed picnic area
24. Investigate the restoration of the historic pond
25. New pedestrian crossing (subject to highways approval)
